EDUCATION

University of Mumbai

B.E. in Computer Science and Engineering (Data Science)

2023 – 2026

Mumbai, India

MSBTE, Mumbai

Diploma in Computer Engineering

2019 – 2022

Mumbai, India

EXPERIENCE

Freelance Software Developer

December 2025 – Present

Remote, India

- Developed and delivered responsive portfolio and e-commerce websites for small businesses, translating client requirements into functional web experiences.
- Built a marketing agency portfolio website and an online clothing store, implementing responsive layouts, product displays, navigation, and interactive components.
- Collaborated directly with clients to gather requirements, iterate on designs, troubleshoot issues, and deliver projects within agreed timelines.

Full Stack Developer Intern

July 2025

Stride Ahead, Delhi, India

- Built and maintained features using Next.js and React alongside experienced developers in a remote setting.
- Collaborated with the team to debug issues and review code, ensuring adherence to quality standards.

PROJECTS

Real Time Options AI Trading System | *Python, FastAPI, Next.js, PostgreSQL, Redis, XGBoost*

- Developed a fully automated options trading platform for NIFTY indices, implementing high-frequency quantitative algorithm and live Black-Scholes Greeks calculation via Fyers API.
- Engineered an AI-driven "Risk Gate" to predict market risk, reducing drawdown by blocking high-risk entries and triggering automated exits during high-volatility.
- Achieved an **83%** accuracy rate on over **14,700+** simulated trades and used scalable database architecture using PostgreSQL and Redis

SupplyFlow – Inventory Management System | *Python, JavaScript, React, MongoDB*

[GitHub](#)

- Built application with tests, implementing supply chain algorithms (EOQ, ROP, ABC analysis) and real time notifications for automated inventory tracking.
- Implemented a security layer with role-based access control, rate limiting, and schema validation, preventing NoSQL injection and unauthorized access attempts.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript

Frameworks: FastAPI, React, NextJS

Databases: MySQL, PostgreSQL, Redis, MongoDB

Tools: Git, AWS, Vercel

CERTIFICATIONS & COURSES

- **University of Helsinki Programming Python MOOC 25**
- **Google IT Automation with Python Professional Certificate**
- **Hong Kong University of Science and Technology - Software Engineering**
- **AWS Cloud Support Associate Professional Certificate**

ACHIEVEMENTS

- **IEEE Conference Paper** — Published and presented at TQCEBT'26, CHRIST University.
- **VNPS 2026** — 2nd Prize, National Project Showcase.
- **Open Source** — 10+ contributions on GitHub solving bugs and fixing documentation.
